Hi Debra,

I've had a chance to review the documents for this consult. I largely agree with all the proposed redactions. However, in documents 140 and 141 I've noticed that Ron Eller's mobile phone is redacted in his signature block. Typically, the approach we take is that if something is in a signature block then there isn't much expectation of privacy. I don't feel especially convinced this has to be released in full, but just wanted to let you know in case somebody in SOL has similar thoughts. Otherwise, I agree with everything else you have proposed for these documents. If you have any questions or concerns please feel free to reach out to me.

Thanks,

Justin

Hello Justin,

This release is due to the requester at next week. Because this has WIP material, I will also need to send it to the SOL and allow time for an awareness review.

Can you complete your review and send it to me by COB tomorrow?

Thanks,

Debra

Hello Cynthia,

I hope that your day is going well. Do you know who I can follow up with regarding this consult below? It was sent to the OS FOIA box on 5/23.

I'm not familiar with anyone else on the OS team so I apologize in advance for sending my questions to you.

Please let me know who I can follow up with and I will send this to the appropriate person.

Thank you for your help,
Debra

Dear FOIA Officer:

This is in reference to a FOIA request for email communications between Vincent DeVito and BOEM.

The material consists mostly of calendar invites and brief email exchanges, some of which mention other Bureaus in DOI.

This folder contains:

- The request
- The material for review
- The spreadsheet for review comments.

Please provide your release determination by Monday, June 4.

Please contact me directly if there's anything else that you need.

Sincerely,
Debra Moore
